Practical No.	Practical Name	Date	Signature
1.	a) To write a program to swap two numbers using third Variable in C++.	08-08-2018	
	b) To write a program to print ASCII value of any character in C++.	„	
	c) To write a program to print Fibonacci series in C++.	„	
2.	a) To write a program to find quotient and remainder of two numbers in C++.	„	
	b) To write a program to find odd occurrence in an array in C++.	„	
	c) To write a program to find largest contiguous sum of an array in C++.	„	
	d) To write a program to find median of two sorted array in C++.	„	
3.	a) To write a program to access elements of an array --- Using pointer in c++.	05 -09-2018	
	b) To write a program to swap three variables in cyclic Order in c++.	„	
	c) To write a program to reverse a string using pointer in C++.	„	
	d) To write a program to print different size of pointers In c++.	„	
4.	a) To write a program to find factorial of a given Number using copy constructor in c++.	19-09-2018	
	b) To write a program to demonstrate example of friend Function using class in c++.	„	

[illegible]
